Technical Skills

ES6	React	HTML
CSS	Node.js	Express
AJAX-HTTP	Mongoose	MongoDB
	JSON	GIT

Recent Web Development Projects

React Trivia | ReactJS - ReactCSS - React Router

Repo: https://github.com/kelabernesser/stuff/tree/master/Module4/very-useful-trivia

Site: http://kelabernesser-trivia.surge.sh/

The user is able to navigate the different pages displayed in the navigation bar using

React Router. The user is presented with trivia questions, one at a time, and has the

opportunity to score points.

Ugly Things | ReactJS - ReactCSS - Managed with React Context

The user can add, edit, and delete a title, description, and image url for something that fits

the category of ugly (prompt).
